<b>Alternative services</b>	Several sections of route are covered by alternative services: Redbridge to Oxford Science Park (route 3X); Cowley to John Radcliffe Hospital (routes 10, 100 and 700); Hospitals to Thornhill Park & Ride (route H2).
<b>Current annual subsidy</b>	£572,000

#### **Officers' comments**

- This service is fully funded by S106, primarily from Oxford Science Park. The main purposes of the service are to facilitate travel from Redbridge and east Oxford to Oxford Science Park and from Thornhill to the hospitals.
- The service is now the only bus route on Grenoble Road between the Kassam Stadium and Watlington Road, following the withdrawal of service 3A in February 2026.
- The frequency of buses between Cowley and Headington is now very high, with many of these journeys provided commercially.
- From 3<sup>rd</sup> May 2026, the service will operate via Horspath Road Shops and a full loop of the Churchill Hospital – the latter much requested by hospital visitors.
- Usage of the service has grown steadily from 17,000 per month in March 2025 to 28,000 per month to November 2025.
- Comments would be welcomed on the hours of operation and how this meets shift change times at the hospitals.
